To our supportive alumni,

As many of you know, AIESEC Michigan has seen tremendous growth in the past nine months. The undying commitment of our local leaders has placed AIESEC Michigan on a pedestal in the eyes of the national plenary. Refocusing on AIESEC's true mission - developing leaders and fostering cultural and professional exchange experiences - has led to stellar growth on every front. It is my hope that our newsletters will keep you aware of our progress, and provide channels for you to give back to the LC that had as much of an impact on your lives that I know it will have on our current members.

It is with utmost gratitude that I thank for your continued support commitment to our Local Committee's success. We hope to make you proud.

Go Blue!

AIESEC **M**ICHIGAN

Winter National Conference Sponsorship (DEC 28 — JAN 2)

As AIESEC Michigan continues to rise as one of the most dominant LCs in the country, our involvement with the rest of AIESEC in the US becomes even more critical.

After hosting the incredibly successful Summer National Conference and having the best representation of any LC, AIESEC US threw us a curveball by deciding to host Winter National Conference on the other side of the country, in **Albuquerque, New Mexico!**

Despite the obvious difficulty in getting our members to this conference, AIESEC Michigan is determined to continue having the impact of our LC felt in every corner of the US. Several of our most influential members have stepped up to accept our challenge of bringing AIESEC Michigan to Albuquerque, ***BUT THEY NEED YOUR HELP***

My name is Domenic Smith and I am a new member to the OGX team this year. This year I have made it my goal to learn as much about AIESEC as possible and to utilize what I learn to help our LC.

As a new member I have decided that the best way achieve this is to dive right into the organization and to participate in as many activities as possible. WNC offers a great opportunity for me to meet many other LC members from all over the nation who can each teach me valuable leadership and functional skills.

WNC falls right before our big EP recruitment for the summer and I firmly believe that I could take back many valuable skills from WNC to help with recruitment and with managing EPs. Along with all of the learning opportunities WNC also allows for a bonding activity amongst our LC, where I could become more fully integrated into AIESEC Michigan.

I am Micaela McCabe, a sophomore studying Art and Design as well as Social Justice and International Development. I have been in AIESEC for two am unable to attend General Member Meetings thus I feel it is important for me to attend this year's Winter National Conference in New Mexico.

Given that the conference location is so far away, I would have to fly from Detroit to Albuquerque, and I fear that it may not be possible for me to cover this expense without outside assistance. I have yet to experience a national conference because I was on a traineeship during SNC. I feel that it would be a major asset towards my AIESEC experience and would increase my effectiveness as a member come winter semester.

Attending WNC would help me to come back to school with renewed enthusiasm and a better understanding of AIESEC's expanse and mission.

Hi there!

I'm Arthur Huerta, a sophomore studying Actuarial Mathematics and a current member of our Business Development team.

Attending Summer National Conference was an incredible experience for me - and something I've definitely brought back to our Local Committee by running skills sessions at our RoKS regional conference and at our Local Committee's general members meetings. I hope to continue my contribution to AIESEC Michigan by running for a top leadership position next year. The opportunity to attend WNC would definitely translate into my being a more effective and knowledgeable leader.

I truly hope to have the opportunity to once again share the experience of a national conference with our LC. In an effort to keep costs lower, I am driving out to New Mexico for WNC - and any donation you could make would be massively appreciated.

Thank you so much for your help!

- Arthur
